

Genie GS3268DC

Ref: WP24275 / £8,950.00

Overview

The Genie GS3268DC allows for an impressive 11.75m working height whilst still staying relatively compact at just 1.75m wide. It is driveable at full height ensuring optimal productivity in high rise spaces. This used 2007 machine will receive a full service from one of our Genie trained engineers, thorough examination, and be supplied with a new 6 month LOLER certificate and 6 month warranty. *Stock images - available soon*
